# Newsletter

DEPARTMENT OF HOME SCIENCE

Editorial

A thought enduring in mind when it becomes real is truly an interesting and exciting experience. This news letter was one such cherished work that had its roots in the persuasion. It would be a snapshot of the various activities and achievements of all which are associated with Home Science department of Digboi Mahila Mahavidyalaya. Proper communication plays a vital role in institution's development. This news letter will serve to reinforce and allow increased awareness, improved interaction and integration among all of us. It truly reflects the initiative as well as involvement in good works that are necessary for growth and development of persons associated with. It could all change if we just pause to think of what is our contribution to the society from which we have been gifted with this blessed life. The progress of the society is mainly depends on many people who are working behind the scenes, overtime round the clock planning things to the smallest. This news letter will be a medium to provide proper acknowledgement and respect all of these efforts and its results. It is expected that wide support for this mission will be provided through the reader's valuable suggestions and comments. This is only a small step towards a long journey. To achieve progress and to meet objectives we have to overcome numerous milestones. This maiden issue of newsletter should inspire all of us for a new beginning enlighten with hope, confidence and faith in each other in the road ahead .

## PRINCIPAL MESSAGE

It is a great pleasure for me to state that the Department of Home Science is going to publish the 7th volume of Newsletter in this month. This is because of the efforts of students and faculty members of the department. This will reflect the interest, talent, achievements, work culture, hardworking etc. of every person concern of the department and teaching community as a whole. With this type of noble works no doubt every person will be successful in conquering their goals. This is the great contribution towards the society and the nation. The students under the guidance of the faculty members of the Home Science Department are getting a lot extra knowledge besides their normal course programme from which they will be benefitted in their future life. I hope this edition of Newsletter will carry some extra information's in favor of our students, teachers, employees and well wishers of this college.

**Dr. Arun Chandra Sarmah**

## Extension Programme in Nogapathar

An Extension Programme was organized by the Department of Home Science in Borjan village on 13th Feb 2020. The objectives of the programme were to educate rural women about healthy lifestyles through the programme, including the basic principles of providing healthy nutrition for their families; Students also performed a skit on the topic "Health and Superstition". At the end of the program some articles made by the student of home science department (Nighty, leaflets etc) were distributed among the village women.

## Visit to Inthame

A field visit was conducted on 13th February 2020 by the department of Home Science for collection of different textile designs of Singpho community of Inthame. The main objective of the field trip was to study and collection of different textile designs of that particular community. The woman folk in spite of their busy schedule in household activities, agricultural operation and other pursuits, find time for weaving. The loom used by them are mainly simple loin loom. The artisans are very much particular about colors and have a beautiful sense of colour combinations. The designs are simple and mostly geometrical and the most common motifs are zig-zag, diamond, triangle, cross etc. They are mainly produce their traditional dress Bukang (mekhela), Nungwat or Methoni, Chinket (riha), and Men's wear Lasaba.

## Celebration of National Science Day

The national science day was observed by department of home science on 28th February 2020. This day is celebrated every year on February 28 in the country to celebrate the discovery of the 'Raman Effect'. India's great scientist CV Raman invented the 'Raman Effect' on this day and won Nobel Prize for the same. This year, the theme for National Science Day 2020 is "Women in Science", which aims to appreciate the contribution of women in the field of science. The basic purpose of this day is to inspire students to new experiments, attract them to science, and make them aware of science and scientific achievements.

## Departmental Farewell

Parting social of 6th Sem students was celebrated on 21st November 2020.

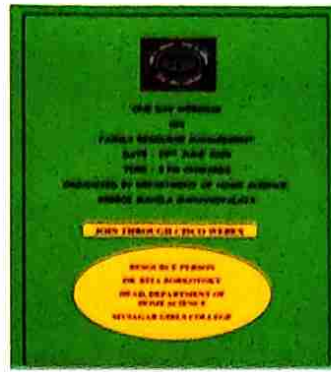

## FACULTY DEVELOPMENT PROGRAMME

The Department of Home Science organized a 12 day short term course on Entrepreneurship Development from 12th to 31st January 2020. Teachers from different colleges of Assam have taken part in this programme which has been sponsored by the Department of Science & Technology Govt. of India. The programme was inaugurated by Dr. Arun Chandra Sarmah, principal of the college, P.K. Nath, Chief manager IOCL (AOD), Dr. Binita Baishya Kalita, Prof. AAU, Jorhat. The primary purpose of the course was to enable teachers to disseminate information amongst students on how to be self-dependent in life through entrepreneurship.

# ONE DAY WEBINAR ON FAMILY RESOURCE MANAGEMENT

One day webinar was organized on 23rd June 2020. The main theme of the webinar was Family Resource Management. Nearly 150 participants who were teachers, researchers and students participated in the webinar. Dr. Rita Borkakoty, Head, department of Home Science, Sivsagar Girls College was the resource person for the webinar. Families are the most important economic units in society. Resource management can help strengthen relationships. Families will always need resource management to survive. Resource management is acquiring, allocating and managing the resources, such as individuals and their skills, finances, technology, materials and natural resources required for a project.

# ONE DAY WEBINAR ON RIGHTS AND EDUCATION OF CHILDREN WITH SPECIAL NEEDS

The theme of the webinar was rights and education of children with special needs. Total 138 participants participated in this webinar on 30th June 2020. Dr. Lakhimi Phukan, Principal of Duliajan Girls College was the resource person for the webinar. Special-needs children include those who have: Mental Retardation, which causes them to develop more slowly than other children. Speech and Language Impairment, such as a problem expressing themselves or understanding others. Physical Disability, such as vision problem, cerebral palsy, or other conditions.

# VISIT TO STATE INSTITUTE OF PANCHAYAT & RURAL DEVELOPMENT (SIPRD) COMPUTER EDUCATION CENTRE & STATE INSTITUTE OF RURAL DEVELOPMENT (SIRD), DULIAJAN

Growing unemployment, a major cause of social unrest. Committed to socio-economic development, OIL collaborated with state Institute of Rural Development (SIRD), Assam, to launch project Rupantar in the year 2003 to overcome unemployment especially amongst rural youth and women by motivating them to engage in entrepreneurship development programmes exploring self-employment opportunities in the primary secondary and tertiary sectors. The center provides stipendiary training on weaving, cutting and tailoring, embroidery and knitting, beautician, computer education to young people for generating self employment opportunities. Post training assistance by way of looms, sewing machines, thread etc. are provided on successful completion of the training.

in entrepreneurship development programmes exploring self-employment opportunities in the primary secondary and tertiary sectors. The center provides stipendiary training on weaving, cutting and tailoring, embroidery and knitting, beautician, computer education to young people for generating self employment opportunities. Post training assistance by way of looms, sewing machines, thread etc. are provided on successful completion of the training.

# MINOR RESEARCH PROJECT

A minor project on "A Study on Textiles of Singpho Tribes In Tinsukia District" was completed and submitted by the department of Home Science on the year 2020. The project was funded by the Digboi Mahila Mahavidyalaya. In this project the main objectives was the Study of Traditional Textiles of Singpho tribe by collecting different designs and to identify the cultural practices in relation to the dress. The cultural heritage of the Singpho is enriched by various colourful cultural components. The study deals with the investigation and documentation of the traditional costumes of Singpho community of the Tinsukia district. Three villages named Inthame, Ketetong and Dowermara were selected for the investigation. 100 samples were randomly selected for the present study. Field investigation was done personally by interview and observation through specially designed interview schedules. Wide range of Singpho traditional textiles and motifs were collected and documented. The handloom and handicrafts are integral part of their existence. There are all sorts of costumes that a Singpho tribe member in a life time and every outfit is handwoven. Minor Research Project was submitted by Dr. Sanjita Chetia on 23rd November 2020.

## SURVEY OF SELECTED RESOURCES

The 1st semester students from the Department of Home Science visited different non human resources like park, primary school, namghar, market places on 28th November 2020 at Digboi. This is the important non human resources for a family for achieving goals.

## AUDIENCE ANALYSIS

Audience analysis is a task that is often performed by technical writers in a projects early stages. The audience is often referred to as the end user and all communications need to be targeted towards the defined audience. An audience analysis was held in 13th February 2021 in Dibrujan, Pengaree. It is used to assess the audience.
