

Newsletter

DEPARTMENT OF HOME SCIENCE

Principal's Message

I am happy to know that the Department of Home Science, Digboi Mahila Mahavidyalaya is going to publish its Newsletter, which will create opportunities for expression of creativity of the students, and it will also provide a platform for showcasing literary talents of the students.

As a Newsletter may be taken to be the mouth piece for the cerebral enrichment of the department, I think the Newsletter will embody the journey of the department towards academic excellence and intellectual enrichment in this endeavour. I wish the Department great success.

Chetia

Dr. Sanjita Chetia

Principal

Digboi Mahila Mahavidyalaya

Editorial

An Educational Institution's newsletter is like the soul of a body. The department of Home Science, Digboi Mahila Mahavidyalaya was started in 1989, but became a complete department only in 2009 when major course was introduced. Nevertheless, despite its flaws, the department has been working, hard to uphold standard via the efforts of individuals who are currently employed.

As we all know a departmental newsletter is the mirror of the department. The essential purpose of the newsletter is to inform, inspire and entertain a diverse readership, alumni, faculty, students of the department of community science. In this issue we have brought to your kind notice the important activities and significant achievements of the Dept. of Community Science.

We are greatly indebted to Dr. Sanjita Chetia, Principal, Digboi Mahila Mahavidyalaya for her immense help and constant encouragement.
